

A large, dynamic, gold-colored brushstroke graphic that sweeps across the page from the top right towards the bottom left. It has a textured, painterly appearance with visible bristles and varying shades of gold. A thin black rectangular frame is overlaid on the page, with the brushstroke passing through it.

MY LPG[®] ESSENTIALS

MY LPG® ESSENTIALS

IT'S WINTER AND THE FESTIVE SEASON IS ALMOST UPON US!

Christmas is not just a time of year – **it is, above all, a state of mind. It is a period of sharing and, very often, a magical time.** It is different and special, and we often think of it as a time of calm and positivity. It is important to enjoy it and take time for ourselves.

To help you do just that, LPG® Cosmetics invites you to discover three exceptional treatments, **“My Essentials”**.

MY HYDRATING AND FIRMING ESSENTIALS:

The skin is the external organ that has the most contact with the outside world. It is therefore essential to hydrate it properly. Hydrating our skin will help it regain its suppleness, elasticity and radiance. The aim is to avoid a dull complexion, tightness and irritation, no matter what.

Combining the **Tensing Firming Cream 50 ml** and the **Intense Hydrating Smoothing Serum 40 ml** will help you to restore your skin's plump and smooth appearance, and visibly redefine the contours of your face.

MY LPG® ESSENTIALS

MY ANTI-AGING ESSENTIALS:

A loss of tissue elasticity is the first sign of skin aging. The more time passes, the more the skin appears to sag. You also start to notice fine lines and wrinkles appearing. To reduce the signs of aging, you should take care of your skin every day and the earlier the better. Above all, skin that is well hydrated will resist the signs of aging longer. **You should also apply the necessary products, avoid excessive sun exposure and generally lead a healthy lifestyle.** For smooth, luminous skin, with no excess water, discover the **Anti-Aging Renewal Cream 50 ml** and the **Express Anti-Aging Radiance Concentrate**, to preserve your skin's vitality, firmness and radiance.

Anti-Aging Renewal Cream 50 ml

Express Anti-Aging Radiance Concentrate

MY SLIMMING ESSENTIALS:

A healthy lifestyle is essential for your well-being. **Eating a healthy, balanced diet plays a big part in this. Healthy eating must meet all the body's needs.** This means eating an appropriate amount of food without actually depriving yourself. During the festive season, it is very difficult to stick to a healthy diet and not indulge in some treats from time to time. So LPG® invites you to try **SOS Fat & Sugar Control** to trap the fat and the sugar ingested. To help you burn fat, lose weight healthily, drain and digest, enjoy the **14-Day Express Organic Slimming Tea**, a subtle blend of organic plants, twice a day for 14 days and **receive a fantastic limited-edition Tea brewer as a gift!**
