treatment update:  
Had 5 sessions and  
honestly. I'm Shocked. I  
have zero cellulite  
suddenly?!***  
***As I said before, absolutely  
nothing wrong with  
cellulite literally everyone  
has it and it's such a  
normal part of our bodies,  
but I was offered the  
treatment and I thought  
why not try it? Honestly  
didn't really expect a  
massive change and  
wasn't that bothered  
about it. But all the  
dimples in my bum have  
literally gone and I do have  
to give credit where  
credits due. This  
treatment is remarkable. I  
do it at  
@dermaestheticsclinic  
with the lovely Alex. She's  
so lovely! \*gifted***
