My facial was by @liftuplondon @lpgendermologie_uk A completely natural slimming, anti cellulite, skin toning treatment for the body. My face treatment adds 80% more hyaluronic acid, 70% firmer skin and a much more radiate complexion ❤️

The LPG machine

It feels lovely. Not painful at all ❤️

This is then followed by a gorgeous traditional facial ❤️

Overall I have been really pleased with the results. Great to have before an event or a course of treatments would give more long term results. Thank you @liftuplondon @lpgendermologie_uk ❤️
